Subject: Beaumont House

.....  
“We wish to say that the new home you have created for us is very livable and has fulfilled our aspirations of a new home in every respect”

.....  
“We are particularly pleased with how you were able to blend the new and the old. As the attached photos show, the transition from old to new is seamless and we are very pleased not just with the overall appearance but likewise with the internal layout”.

With kind regards.

CW and MW.
